PG L2545/L2550/L2555

Flexibility and technology, compact design, powerful features

Sophisticated technology, high flexibility, compact design and leading-edge features: these are the attributes of Olivetti's mono A4 laser printers. The **PG L2545**, **PG L2550** and **PG L2555** printers are designed to respond to the needs of a vast range of users from single professionals to workgroups and departmental divisions, with the added benefits of high productivity and reliability.

These models deliver printing speeds of **45 ppm**, **50 ppm** and **55 ppm** respectively, with a print **resolution of 1200 x 1200 dpi** and a marked reduction in the time the first page is printed.

A **powerful processor** and **memory capacity** of up to 2560 MB allow peaks in volume and complex jobs to be tackled at high speed. Support for authentication card readers, private printing and hard disk protection mean that **security** needs are fully catered for and all models offer wireless printing functionality for mobile users.

Through the use of long-life components, reductions in energy consumption levels, and only a toner cartridge to maintain, this printer series is particularly **environmentally-friendly**.

SPEED AND PRODUCTIVITY ECO-FRIENDLY SYSTEMS THROUGH ADOPTION OF LONG LIFE COMPONENTS AND REDUCED ENERGY CONSUMPTION PRINT RESOLUTION 1200 x 1200 dpi HIGH-PERFORMANCE CONTROLLER WITH 1.2 GHz PROCESSOR GIGABIT NETWORK AS STANDARD, WI-FI AND WI-FI DIRECT (OPTIONAL) AIRPRINT®AND MOBILE PRINT APP COMPATIBILITY MARKEDLY REDUCED FIRST PAGE-OUT TIME
